ETEK design analog IC, focusing on high-performance & quality power management IC and solutions. Launched signal chain and Driver IC

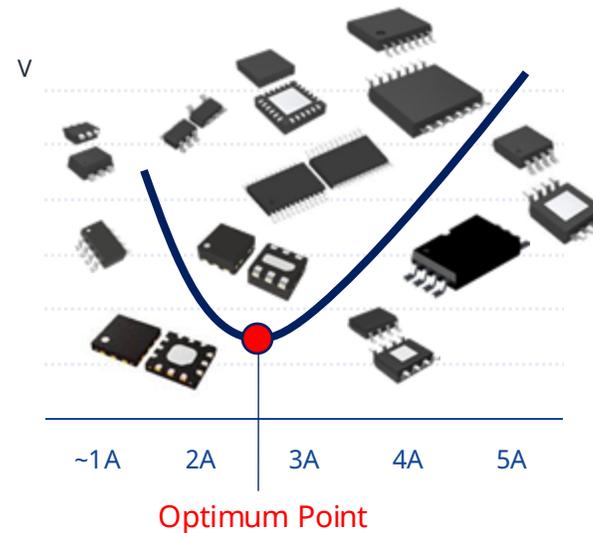

### AEC-Q100 Certified

ETEK provide product line-up  
for auto grade ICs  
" ISO26262 Approved  
AEC-Q100 Certified "

### Optimum Power IC

ETEK has diverse line-up  
to meet the optimum point  
" Right Power IC for  
Optimum Voltage & Ampere "

### Secure Circuit

ETEK secure system form  
voltage fluctuation & power interruption  
" Secure System from  
Over/under Electricity & Surge "

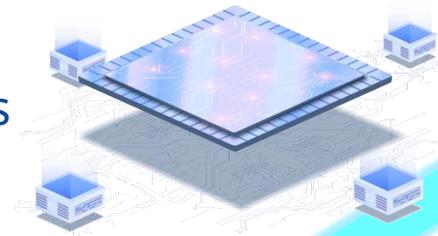

Empowering  
Devices

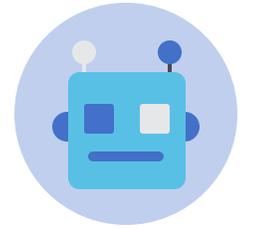

Control power

Consumer Devices

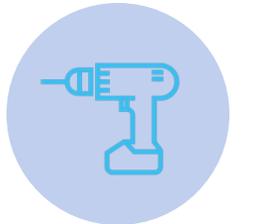

Service Robots

Home Appliances

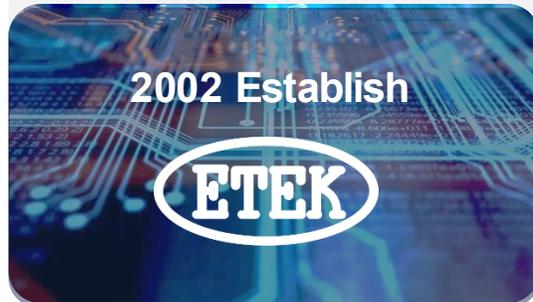

Power Tools

2002 ~ 2008

## Start-up

LED Driver/Audio  
AMP applied in DVD,  
STB, Remote  
Controller market

2009 ~ 2012

## Transition

LDO/Load Switch  
applied in mobile market

2013 ~ 2017

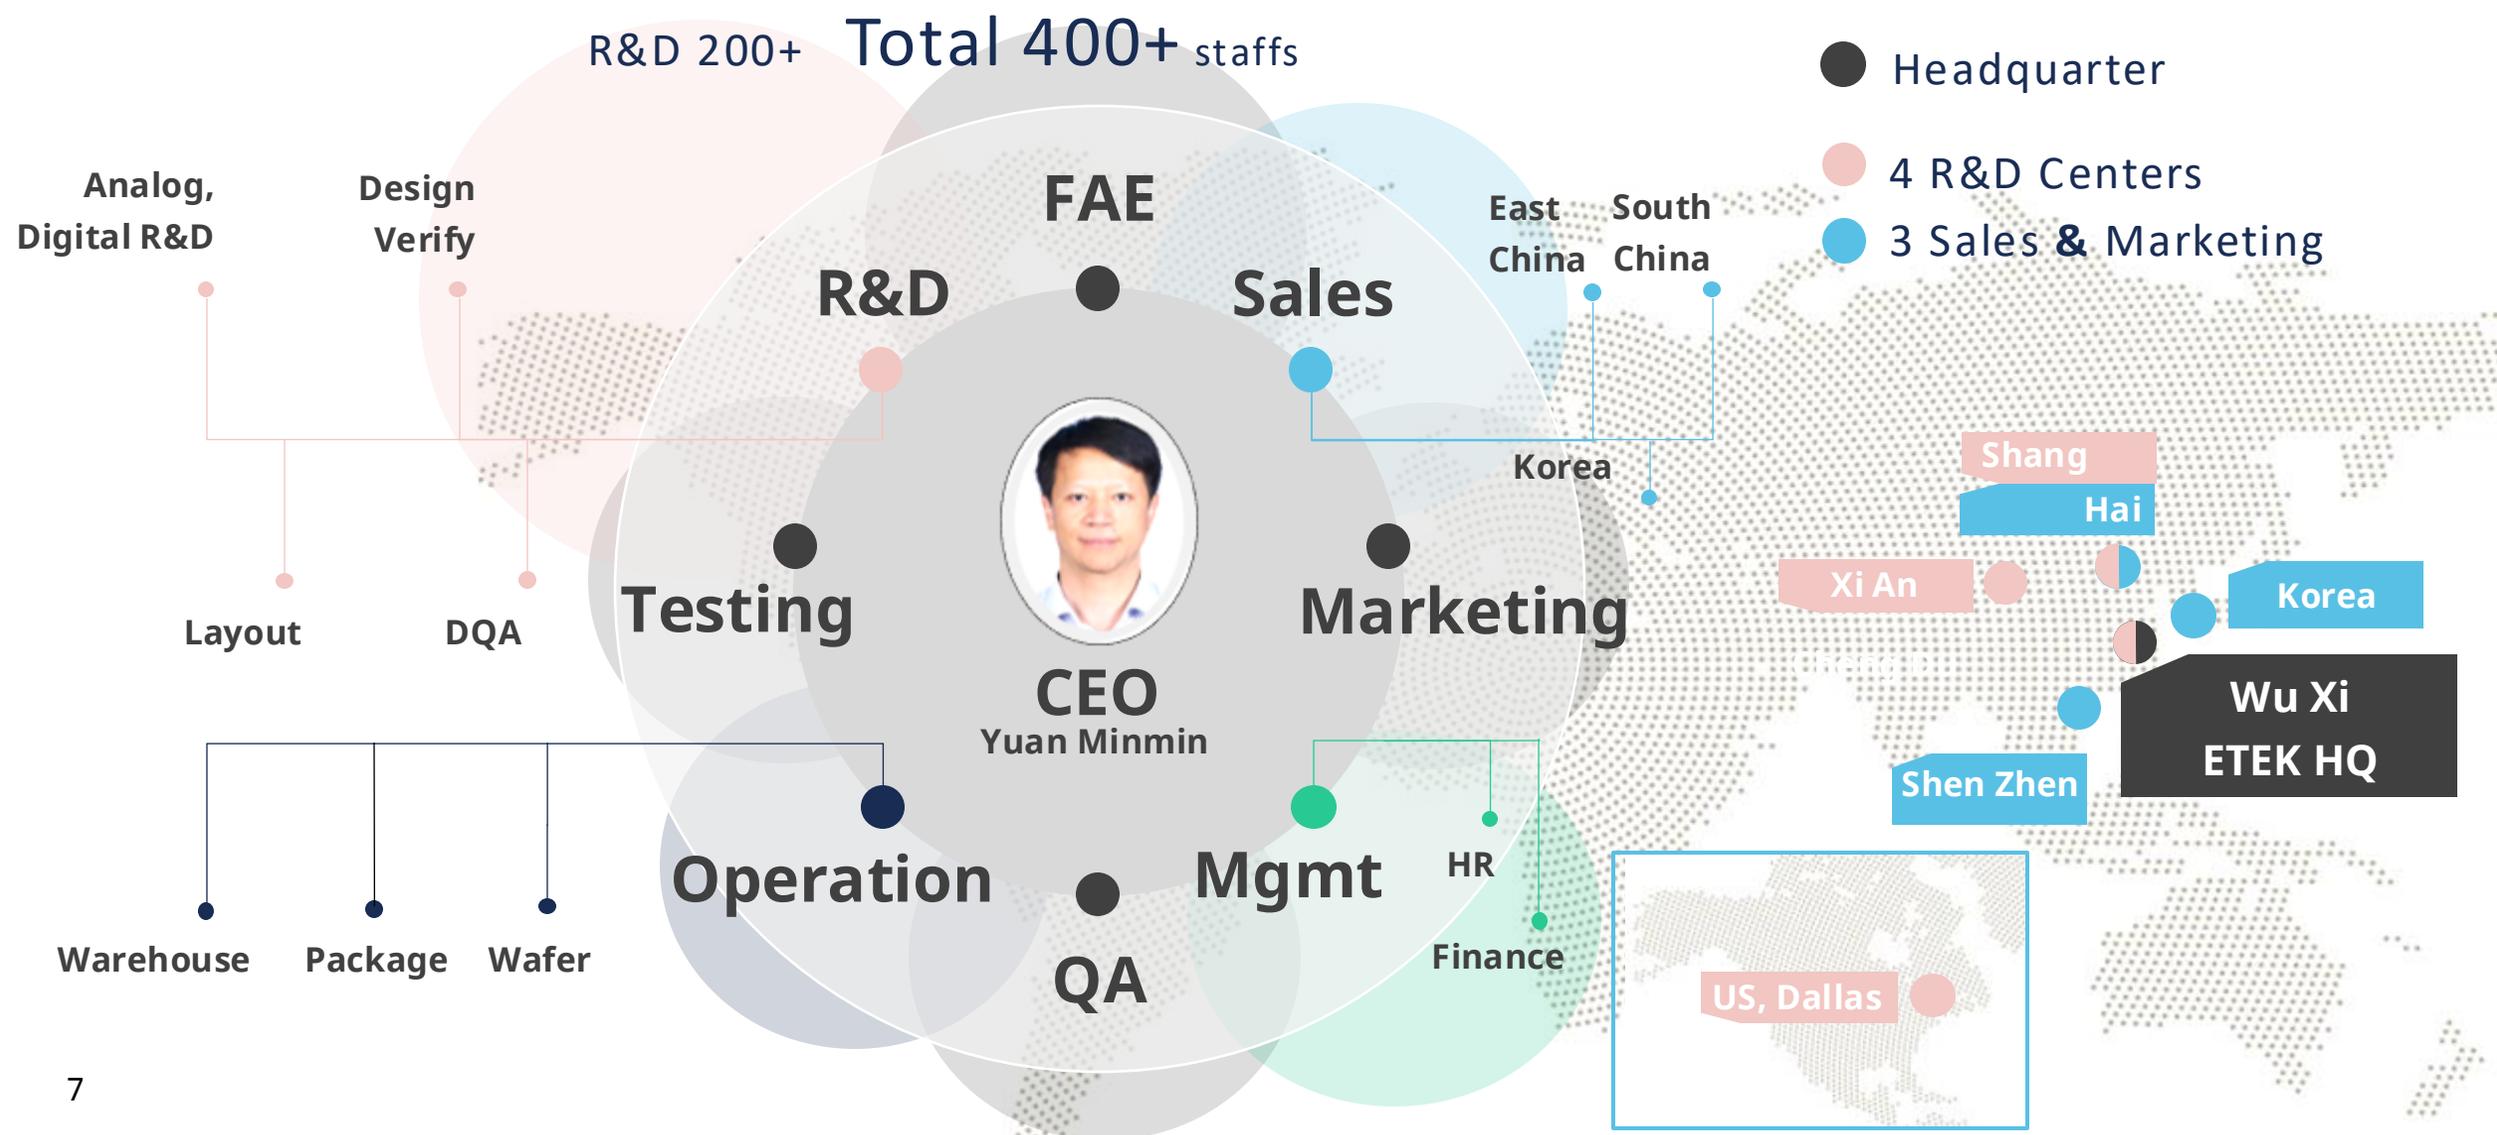

## Expansion

OVP, TVS, Switches,  
other PM ICs applied  
in Mobile & Wearable

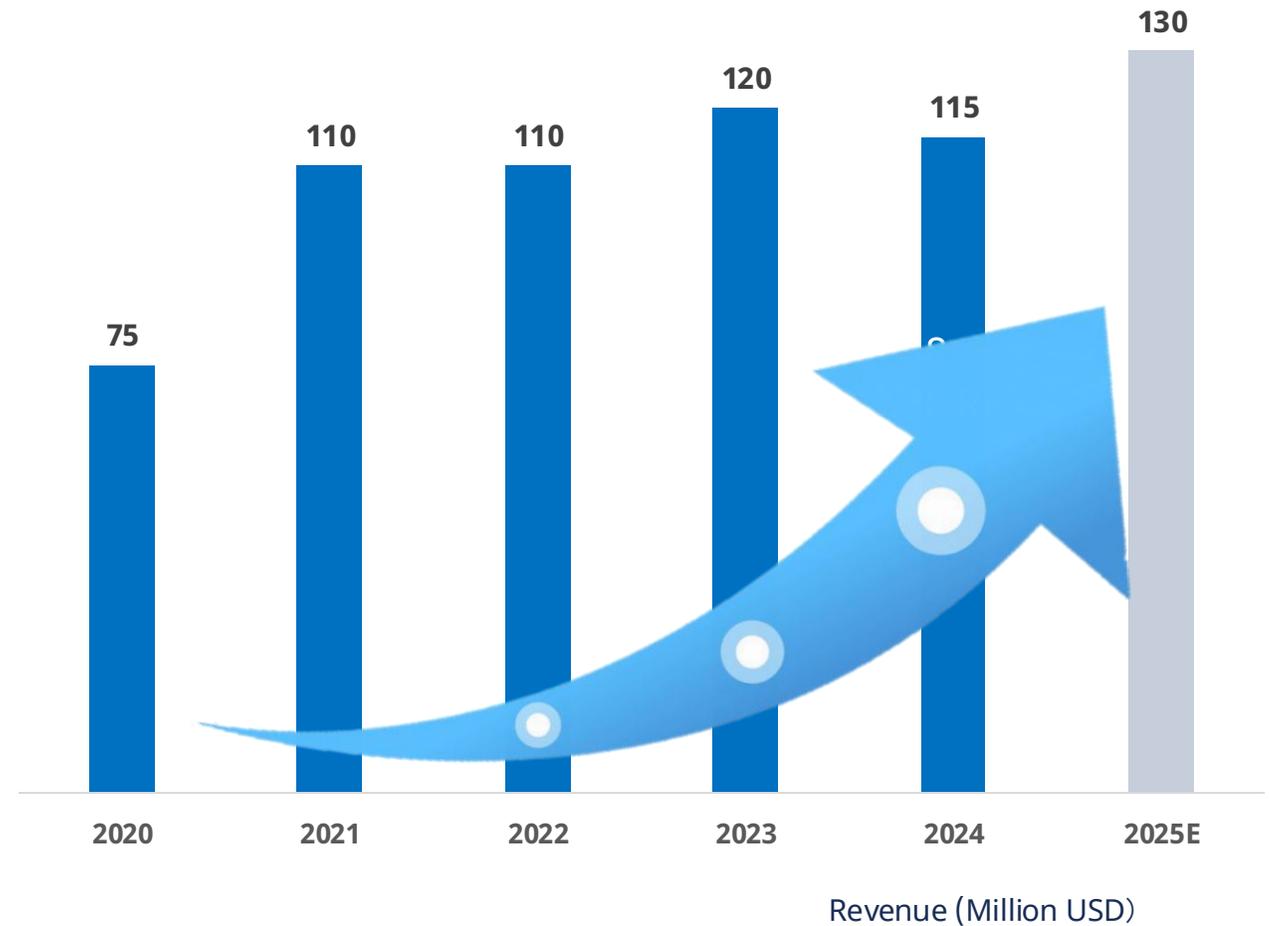

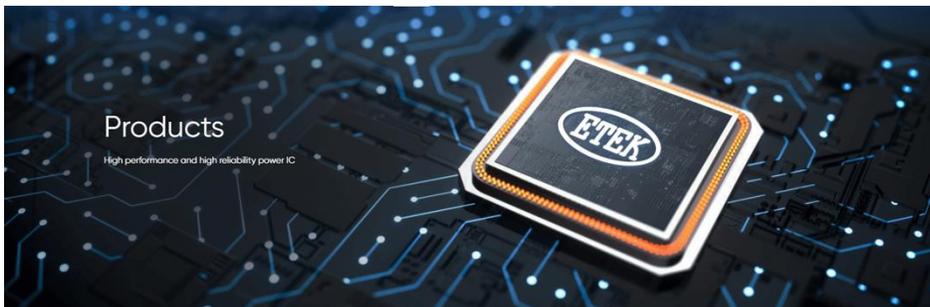

# Organization & Office

CHIP Makes Power

## Rapid Growth of Sales

Rapid growth of sales up to 11.6% CAGR  
With the infiltrations to various industries and applications

SONY

Goertek

ETEK

Haier

SAMSUNG

Lenovo

SAMSUNG HUAQIN

## Product Lineup

Customer focus developed IC and solutions : Failure Rate < 5ppm

### Power

- ✓ LDO : High Voltage, Low Voltage
- ✓ DC-DC : Boost, Buck
- ✓ Charger
- ✓ PMIC

### Driver

- ✓ ToF (Time of Flight) Driver
- ✓ LCD Driver
- ✓ LED Driver
- ✓ OLED Driver

### Protect

- ✓ OVP
- ✓ OCP
- ✓ E - Fuse
- ✓ Load Switch
- ✓ TVS

### Signal

- ✓ Op-Amp
- ✓ Logic IC
- ✓ Analog Switch
- ✓ ESD
- ✓ Sensor
